

Item	DF20E
Load Capacity	2,000kg
Dimensions	2.5×1.22×2.15 meters
Lifting Height (Optional)	3m (4.5m)
Weight	2680kg
Body Material	Reinforced stamped steel body
Driving Motor	4KW stepless
Voltage	60V
Power	Pure electric
Battery (Optional)	Lead-acid (Lithium-ion) 150Ah
Lighting & Signals	Headlights, turn signals, brake lights, driving light
Front Axle	Heavy-duty front axle
Tires	Solid tires (Front: 650-10 / Rear: 500-8)
Rear Axle	Reinforced dual-purpose rear axle
Brake System	Manual brake, hydraulic brake
Hydraulic Pump Station	Independent dual-pump station
Lifting Motor	4KW brushless
Mast Beam	120mm reinforced C-shaped beam
Steering Mode	Hydraulic power steering
Mast Tilt Angle	Tilt forward 6°, backward 10°
Charging Time	4-8 hours
Working Time	6-8 hours
Steering Axle	8 anti-sway rods steering controller
Fork Dimensions	1.22 meters forged integral forks
Onboard Tools	Charger, rain cover
